## CLASSES OFFERED

CS	CI	CX
CARTING STARTED	CARTING INTERMEDIATE	CARTING EXCELLENT
Division 1...CS-Single	Division 3 ...CI-Single	Division 5...CX-Single
Division 2...CS -Team	Division 4...CI-Team	Division 6...CX-Team

**Titles:** A dog receiving a qualifying score at any level shall be deemed to have earned the title for that level. You can enter at any level. A CS dog must go to CI or CX after obtaining a CS title. A CI dog can stay competing at the CI level or go to the CX level. The CX dog can continue to compete after obtaining a CX title at the CX level.

**Titles are as follows:** CS Carting Started (on lead) – CI Carting Intermediate (off lead) – CX Carting Excellent (driving)

**For all levels,** the course remains the same with the exception that CS and CI competitors will load the 40 pound weight after harnessing and unload same prior to the down/stay. The CX dog will have handler sit and ride in the cart after harnessing and will exit the cart prior to the down/stay. The three levels will be divided into divisions as stated above.

**Ribbons** will be awarded for first through fourth place in all six divisions. A “High In Test” ribbon will be awarded to the highest score obtained for the day (considering all qualifying scores from the six divisions.) Single dogs will not compete for placements against team entries with the exception of the “High In Test” award.

## DESCRIPTION OF A CARTING TEST

The competition will be open to on-lead, off-lead, and driving (handler seated) carting dogs. The entry can be a single dog or team (two dogs). Single dogs will not be entered in the same division as a team entry. The courses will be the same, but the entries will compete within their own division (single on-lead, team on-lead, single off-lead, team off-lead, etc.) Any type of wagon or cart is acceptable, as long as the dog(s) can handle the size and weight of the vehicle comfortably and easily over the course and negotiate all exercises. The handler assumes responsibility to ensure that his/her individual cart can negotiate the course. The course will not be modified to accommodate larger carts. A two wheel vehicle is preferred due to its maneuverability. Verbal and physical praise is allowed during the exercises.

Petting and stroking with the hands is allowed but no other part of the handler's body should touch the dog. Talking to the dog during the course is allowed unless the tone is harsh. All on-lead and off-lead entries will have their carts weighted with an additional 40 pounds. The 40 pound weight will be provided by the Course Director. Emphasis is on precision, not speed. Failure to negotiate any one exercise in the competition will result in a non-qualifying score despite an over-all score of 70 or above.

**The desired attitude of a carting dog is as follows:** Willingness to quickly respond to light commands “ready and willing” demeanor when performing exercises, free and easy movement while completing exercises, confidence and ability while maneuvering in shafts, complete exercises with energy and enthusiasm, no hesitation when leaning into a pull. A carting dog should move the cart and its weight with pride and eagerness, yet listen to direction from the handler.

This is the purpose of this competition, to give handlers and their carting dogs a chance to exhibit these wonderful skills and abilities.
